Read the following:

From the Surgeon General Ref. No. 46703-4 Stats dated 21-6-48.

O R D E R

The Government approve the proposal of the Surgeon General that copies of the Annual Administration Reports on Civil Hospitals and Dispensories and Mential Hospitals in this Province may be supplied to the Librarian of the World Health Organisation, Geneva. For the entries against item 25 in Part I of the distribution list appended to G.O. 442 P.H. dated 29-1-1941. The following shall be substituted.

Serial Number & institutions libraries, Govts and Officers to whom the reports or supplied.	Chemical Examiners Report	Report on Mental Hospitals	Annual reports on Medical Colleges.	Annual Report on Civil Hospitals and Dispensories
25. Librarian, World Health Organisation, Palais Des Nations Geneva.	...	1	...	

2. The S.G. is informed that as per the existing list I appended to G.O. 442 P.H. dated 29-1-41, one copy each of the Reports on Mental Hospitals and Civil Hospitals and Dispensaries in the Province has to be supplied by Government to the Librarian, League of Nations, Geneva. No Special orders is traceable suspending the supply to the League but it is observed that the supply was suspended from 1940. Presumably, this might have been done in accordance with the General policy of Government that no copies of the Reports should be exported from India to countries outside the British Empire during the War time. The supply does not appear to have been revised after the War apparently as the League of Nations has now become defunct.
